

## Tech Data: Oxy Date 2 Peroxygen Bleach

**FEATURES:** This product is a high quality industrial low-foaming cleaner and oxidizing supplement to sanitation procedures. This product contains only ingredients that are either GRAS or are approved for incidental food contact. Add this product at the rate of 1-2 lbs per each 5 gallons of HOT water. Hot or warm water is necessary to activate the peroxygen into a powerful oxidizer, which makes the product a potent sanitation aid for chemically removing stains, organics, and food and dairy residues. After mixing the OXY-DATE 2 with water spray, brush or pour product on the surface. Allow to work for 5-10 minutes and then rinse with water. You may use this product undiluted by first wetting the surfaces and broadcasting this product.

**USE RECOMMENDATIONS:** This general-purpose concentrate can be diluted for numerous cleaning applications, or can be broadcast on prewetted floors, and can be used in drains as an odor-inhibiting oxidizer.

### SPECIFICATIONS

<b>Color:</b>	White Powder	<b>pH (1%):</b>	9.8-10.7
<b>Scent:</b>	Not scented	<b>Phosphorous Content:</b>	0%
<b>Character:</b>	Free-Flowing Powder	<b>Biodegradable:</b>	100%

**Important:** This product is considered mildly hazardous. However, read and understand label and Material Safety Data Sheet (MSDS) for complete listing of precautions, first aid statements, and storage and handling information. MSDS Sheets are available from the distributor of this product.

### PRODUCT DIRECTIONS

**Equipment to Use:** Manual broadcasting or conventional foam equipment.

**Directions for Use:** Mix and dissolve about 1.0-2.0 lbs of product into 5 gallons of warm or preferably 120-140 F HOT water. This will cause OH- (hydroxyl radicals) and peracetic acid to be released, which will increase efficacy, bleaching and oxidation capability. The dry product may also be broadcast onto wet floors and allowed to contact for 30 minutes. It may also be poured into drains.

**Packaging:** This product is available in 35# pails, 100# and 400# drums.

**Availability:** Enviro Tech Chemicals, Inc. Modesto, CA, 95358
